

30x60mm

TUBE AMPLIFIER WITH BLUETOOTH STEREO

MODEL: AMP-T100

Frequency Response ($\pm 3\text{dB}$):
RMS Output Power:
Input Impedance(kilohm):
Input Sensitivity:
Output Impedence (ohm):

25Hz - 20kHz
2x25W
47
300mV
4-8

FCC ID: 2AKKHAMP

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
